GUIDELINE FOR REGISTRATION OF VETERINARY NUTRITIONAL/DIETARY SUPPLEMENTS

1. SCOPES

In pursuance of Section 118 of the Public Health Act 2012, Act 851, this guideline is made to provide guidance to applicants on the procedure for registering veterinary nutritional/dietary supplements in Ghana. Applicants are encouraged to familiarize themselves with this document and the above law before completing the registration form.

2. INTERPRETATION

In this guideline, unless the context otherwise states: -

- **“Authority”** means Food and Drugs Authority
- **“Product”** means – a dietary or nutritional supplement for veterinary use
- **“Applicant”** means the product owner or license holder. Representatives of license holders may not hold themselves as applicants unless they own the product
- **“Local agent”** means locally appointed representative
- **“Veterinary Nutritional/ Dietary Supplement”** means - concentrated sources of nutrients or other substances produced in a pharmaceutical dosage form such as tablets, gelatine capsules (soft or hard), sachets, syrups and powders. Dietary components include herbs, vitamins and minerals, natural oils, or any component prescribed by the Authority for use as a nutritional/ dietary supplement. All these ingredients can be included in dietary supplements on the condition that their sole function is supplementation and improvement of body function.
- **“Variation”** means - a change in the indication(s), dosage recommendation(s), classification, target species for a previously registered veterinary nutritional/ dietary supplement being marketed under the same name in Ghana. A variation also includes, but is not limited to, a change in the product name, site of manufacture and/or source of ingredients.
