

TW@FDA

VALENTINES DAY @ FDA

Following the commemoration of Valentines Day across the world on 14th February 2024, the Human Resource Directorate (HRD) warmly invites all staff to a refreshing experience this year dubbed VALENTINES DAY @ FDA.

This event provides an opportunity to learn from the experiences of our esteemed colleagues from different Divisions and Centres of the Authority on **Wednesday, 14th February 2024 at 10am on Microsoft Teams.**

The poster features a pink background with white hearts, red ribbons, and a gift box. At the top center is the FDA Ghana logo with the tagline "Your Well-being, Our Priority". Below the logo, the text "Valentines Day @ FDA" is written in a mix of red and blue fonts. The date and time are listed as "(Wednesday) 14th February 2024" and "10am". A location pin icon indicates "All offices across the country". The dress code is "A touch of red or white". At the bottom, a red banner contains the topic for the panel discussion: "Foster a healthy working relationship to improve productivity."

Good things are
up ahead."*

INSPIRATIONAL WORDS

"Keep your face always toward the sunshine, and shadows will fall behind you."

Walt Whitman

STRESS RELIEF

EXHORTATION

Ephesians 4:29

Do not let any unwholesome talk come out of your mouths, but only what is helpful for building others up according to their needs, that it may benefit those who listen.

COMIC RELIEF

I was walking past a farm and a sign said, "Duck, eggs." I thought, that's an unnecessary comma.

...And then it hit me.

DID YOU KNOW?

Human teeth are the only part of the body that can't heal themselves.

Teeth are not made of live tissue and are coated in enamel, which can't spontaneously regenerate.
