

PUBLIC NOTICE

UPDATE 4 : MARWAKO FOOD POISONING INCIDENT

This is to update the public on the ongoing investigations into the food poisoning incident at the East Legon Branch of Marwako Fast Foods Limited

The Food and Drugs Authority notifies the public that it has lifted the suspension of catering activities at the East Legon and Abelenkpe Branches of Marwako.

The FDA, working with the Management of Marwako, has comprehensively trained all levels of Management and staff of Marwako on Food Safety Management Systems; ensured the implementation of their corrective actions, and the institution of preventive actions.

Meanwhile, the public should note that the La Branch remains closed whilst the Spintex Road Branch is going through the process to be formally issued with the requisite Food Hygiene Permit to start operations.

The Authority assures the public that we will continue to strictly monitor all operations of Marwako to ensure that all safety measures put in place are consistently complied with.
