

**ADVERTISEMENT FOR VACANT POSITIONS ON THE TECHNICAL ADVISORY
COMMITTEE ON CLINICAL TRIALS (TAC-CT)**

The **Food and Drugs Authority (FDA)** invites applications for vacant positions on the **Technical Advisory Committee on Clinical Trials (TAC-CT)**. The current members of the Committee will conclude their tenure on 31st December 2024, and we are seeking interested candidates to apply for the following expert roles.

In accordance with Part 8 of the Public Health Act 2012 (Act 851), the TAC-CT provides the FDA with ongoing, timely medical and scientific advice on current and emerging issues related to clinical trials. The Committee plays a vital role in ensuring the scientific integrity and safety of clinical trials conducted within the country.

The Committee's Functions and Terms of Reference are outlined under Part 8, Section 152 of the PHA 2012, and it comprises thirteen (13) members, ten of whose tenures are now ending. The following positions are available:

- Clinical Pharmacologist
- Social Scientist
- Internal Medicine Practitioner
- Clinical Pharmacist
- Epidemiologist
- Pharmacologist
- Geriatrician
- Surgical Specialist
- Medical Herbalist
- Toxicologist

Applications with current CVs should be submitted to the FDA by **31 December 2024**.

We look forward to your application!
